OUR PROGRAMS

Morning and Afternoon Drop-In [0-6 yrs.]

Our morning and afternoon drop in program is for children ages 0-6 and provides opportunities for novel experiences, active engagement and learning from peers and adults. Children are offered a variety of social activities and are encouraged to explore the space at their own pace. Parents and care providers are encouraged to follow their children's lead while playing with them and use age appropriate language to describe their play so to enhance the child's memory, reasoning and speech development. Participants can develop connections with fellow participants and have access to community resources

Infant and Toddler Time [0-18 mths] and Baby and Me [0-12 mths]

Programs designed with our youngest participants in mind. We aim to provide a safe and secure environment that promotes social interaction and safe exploration. We offer experiences that appeal to infant's senses and contribute to their overall growth and development. Art, sensory activities, music and movements help children build on their fine and gross motor skills while exploring and learning about their environment and relating to new people and having their caregivers close by to guide and comfort them in case of distress. By being available when babies need them, caregivers support the development of stress management capacity and build on babies' emotional regulation skills. We also invite community resources to come and share their expertise with us; Public Health Nurses, Literacy Specialists, and many more.

Summer BBQ [Mom's 13 to 25 yrs]

A program designed for young moms to improve food/cooking skills, including increased knowledge in techniques and planning. In addition to the preparation of healthier meals.

* [Pre-Reg] Pre-Registered Activities

Activities with a Pre-Registration requirement. Participants can ask staff for more information. The Little Artists program, for children 3-5 year olds will be fun and messy! This program encourages artistic self-expression, through the exploration of a variety of artistic mediums and tools.

* [Pre-Reg] Ages and Stages (ASQ) Screening

ASQ- Ages and Stages Questionnaires is a developmental screening tool designed for use by early educators and health care professionals. It relies on parents as experts, is easy-to-use, family-friendly and creates the snapshot needed to catch delays and celebrate milestones.

MASSEY CENTRE FAMILY RESOURCES

Maternal Infant Mental Health at Massey Centre-MIMH - collaborates with OEYC staff to promote optimal child and youth mental health and well-being, by focusing on the global development of children. Staffs work collaboratively to provide an evaluation of the child's developmental needs. After the child has turned one month of age we encourage caregivers to complete regular developmental screenings – Ages and Stages Questionnaire - so they can learn if their child's development is on schedule and also what parents can do to ensure the learning process happens as expected. Through these screenings the caregivers learn about the physical, cognitive and social - emotional needs of each individual child at different stages of development and become aware of the necessary support they can provide to facilitate their children's development. For more information contact OEYC staff or Carmen Chivoiu, MIMH at phone 416-696-3344.

WHAT'S HAPPENING THIS MONTH?

- **Trip to Gamble** September 5
- **Trip to Withrow** September 12
- **Trip to Livingstone** September 19
