

## JOB POSTING

### Supervisor, Integrated Residential and Transitional Housing Program

**Massey Centre (“the Centre”)** is an award-winning, accredited Children’s Mental Health Centre that is a multi-service, non-profit, unionized, community agency located in the east end of Toronto. The Centre is committed to nurturing empowerment, independence and growth for young pregnant and parenting women, children and families in a non-judgmental, inclusive environment by providing a residential care and treatment program; supportive transitional housing; on-site high school program, community housing support and referral services; and maternal infant mental health programs and services. We do this by working collaboratively as a multi-disciplinary team with community partners to provide holistic programs and support that respond to mental health, education and transitional needs. The Centre also operates an EarlyON Child and Family Centre and an Early Learning Centre. All the programs and services are open to families, young women and their children living in the broader community.

The Supervisor, Integrated Residential and Transitional Housing Program works closely with the Manager to ensure smooth operations of the Residential and Transitional Housing programs. The Supervisor implements and ensures the Residential and Transitional Housing programs are in compliance with CCA accreditation standards and licensing agreements with funders and its accountability structures.

The Supervisor will provide leadership, clinical support and education to enable front-line employees to

- develop collaborative, therapeutic relationships, strategies and responses that support continued psychological development in the young women and their children, and
- understand the impact of past and present violence on the lives of young women and their children and provide or refer for therapeutic support, if needed; understand and support the role of family and friendship supports in successful parenting; support the development of age appropriate mother–child relationships; develop life skills and mother-baby dyadic programs in collaboration with colleagues to be offered to the young women and their children to enable them to move towards independent, healthy living; and provide continuity of care from intake through discharge, with the goal of building resilience and independence for pregnant and parenting adolescents.
